

## Be in control with the Cristie Management Console

**Fast, automated**  
disaster recovery &  
data protection

**CMC allows you to centralise your disaster recovery and backup response, simplifying and streamlining your disaster recovery plan across multiple environments and locations**

Enhance the functionality of CBMR and TBMR

Remotely manage recoveries and backups

Create user permissions to access and coordinate backups

Eliminates the limitation of onsite recoveries

The Cristie Management Console (**CMC**) puts you in charge of your Cristie BMR products by providing you with centralised control

**Achieve greater flexibility, rapid reaction and recovery times and a streamlined response with CMC**
